“ My condolences to The Herring Family. Even though it's been years since I have seen that side of my family. I think of you all often and have lots of good memories. I pray you can all find peace at this difficult time.

“ Carl always told me when we were farming and having a bad day " just remember we are doing this just for the fun there is in it". We shared some hard working days from daylight to dark but still enjoyed the healthy living. My prayers are with you at this time of sorrow.
