“ *I just want to express my condolence on the passing of your mother. Although many years have passed, I still have fond memories of her welcoming me to her home, when I was visiting with Stephen and Phillip.*

“ I just learned of the passing of Mrs. Midkiff and was saddened this morning to hear the news. It's ironic that I just used her name yesterday in response to a question about who was my third grade teacher. When I was a boy growing up out at College City I was blessed to know the Midkiff's and their five boys, though they were all older than me. I haven't crossed paths with them in many years, but still cherish fond memories of those days growing up. Mrs. Midkiff was such a wonderful, godly woman. I was blessed to know and be taught by her. Please accept my condolences. What a godly legacy she left her family.

“ *To a wonderful family that always make me feel like family. I have many memories of your family, one is the smile that your mother always exhibited. She always made me feel welcomed and was very kind. I will always remember her with her smile.*

Your mother did a great job raising and caring for all of you and your families. A few years back while traveling around Arkansas, I stopped by to see her in Hoxie. Even though we had not seen each other in several years, she greeted me with her smile and open arms. I think we were both excited. While visiting she made sure I knew where each of her boys were and what they were doing. She was very proud of each of you and I understand why. You all always made me feel like family and I will never forget it.

May God be with each of you and your families during this time.

My thoughts and prayers are with you. Wish I could be there with you all.
