“ He was one of my favorite cousins! Why? Because he could always make you laugh and smile with his silliness. We need more people like him in the world. You always felt better after seeing or hearing from him. He loved his family so much. He will be sorely missed. The only comforting thing about it is that you are not suffering anymore. But I know I will see you and you will live again in the resurrection and there will be no more pain, no more sorrow. No more tears. See you soon cousin. Much love from your family in texas. “ Son, mom is going to miss you more than you know. I know you are not in pain anymore and you fought hard to beat this cancer but it just didn't want to go away.

I know you are with your sister now and you two are happy to be back together and you two take care of yourselves mom loves you both.
