“ *Della Ruth Finney was a low life dog that did nothing but cause trouble in my marriage to Wesley Jones Jr. She is also the reason he died from drug abuse. She did nothing but enable Wes to get drugs to satisfy his addiction. May you die a thousand deaths!*

“ *This was a great woman. Aunt Della always treated me like i was one of her own children. I remember when her and Stella lived in Swifton over by the school if I went over there to visit and didn't have my grandson Anthony with me she told me when he gets home from school i better bring her boy to see her. She loved kids and they loved her. This Aunt was the one I will always remember. Another memory is when I was growing up and would go spend the night at her house and we would all go down to the deep ditch and go swimming. That was a blast.*
