“ *Wish I could have been at the school to celebrate Lance's life. He and I were good friends until I went in the service and then we lost contact. Condolences to his children in their lost.*

“ *I was one of the 4 cousins that lived several years of my life next door to the Phillips. We shared countless memories together and they are the most wonderful years of my growing up. Lance was always kind, gentle and so very patient. He cared for us in ways that left each of us feeling so very loved. I will never forget the first night we spent in the house next door to our cousins. We had lived in a house that was so very cold. I would lay in bed at night too cold to sleep. As soon as I heard the heat click on, I would run to the furnace and sit in front of it until it stopped, immediately sprinting to my bed to save as much heat as I could. The first night after Lance had moved us next door to them, I will never forget what it felt like to be warm. Lance made sure that we were cared for. Oh, the happy, wonderful memories with this family I will never forget. They have changed my life forever. I love each of you so much and I think you would be shocked how often I remember our times together and think of how rich you made my life. I love you so much.... Gwen Glaub Current*

*oh.....and did I mention the fish fries?????? I'm not the only one blessed by them, I know!!!!!!! And that bag swing.....and going swimming in the freezing water that was pumped in.....and flashlight tag for hours.....and that laugh that rang out all the time. I can't even think of Lance without his chuckle. He was an amazing, gentle man. I loved him so much. Gwen*

“ *Growing up in Clover Bend and being a neighbor of Lance was a memorable time. Lance would never miss a basketball game being played at the CB gym. He was like a father to all of us teenagers and would laugh and joke with us but would also give us good advise. Ronnie Ward, Hampton Va.*

“ *In 1970, my parents were divorced, and my mom, Barbara Goodwin, moved us to Clover Bend to be near family. We "rented" from Lance and Nancy, next door to the Phillips' home. As I was a kid, i have no idea what the financial arrangement was, buti know that at the time, my Mom had no job or money and had four kids to feed. I remember many meals that came from Nancy's kitchen, and remember Lance including me in many activities with his children. While we were there, the move to the French house at. The river happened, but we still spent much time together. It was a stressful time in my life, but all my memories are sweet ones thanks to Lance and Nancy. They truly demonstrated the commandment of Jesus to love your neighbors as yourself, through generosity and compassion. Lance, i will miss you and love you always. Well done, good and faithful servant. Enter into the joy of the LORD. To Jean Ann, Casey, Wink, Leslee and Joy, i might be miles away but will always be next door in my heart. I love you, and feel your pain. I will miss your sweet parents so much. Much love, Garry Glaub*

“ *The summer I worked almost every day on the Alice French Memorial Garden was extremely hot. Lance would drive through the circular drive in front of the HS bldg and stop to talk for a minute. He mentioned often that he wished he was able to help me but of course he was not well enough to do so. I told him how much it meant to me for him to come by and check on me and the garden. Lance was such a kind and humble man and I consider myself lucky to have been a friend of his!* Sue Whitmire

*Len and Pam, it is so wonderful to be able to rejoice that Lance is home with Jesus. We don't grieve as those in the world who have no hope. I am longing for that day as well!*
