“ *Cloyce,*

My family and I want to extend our most heartfelt sympathies to you and your family during this incredibly difficult time. We met at St. Bernard's when Linda was in ICU back in October. My grandparents had a very bad accident and we lost my grandfather who was also in ICU. I just want you to know how much you touched our hearts back then. With as much sorrow and pain we were feeling knowing my sweet grandfather was never going to leave that hospital alive, your sadness surpassed our own. I wanted to run to you so many times to offer my shoulder and give you a comforting hug way before we ever spoke. I'm happy to say I finally got to give you that hug and I hope it helped even in the smallest of ways. Just know we are praying for you and that we care. I think we always will.
