I lit this Candle in Memory of my cousin Walley,his sister-Renee, his Mother and all the other family members. Walley was a great guy, fun and lots of love in his heart. I was so glad to be apart of his life and to be his listening ear when he needed a friend to talk to out there on the road. I will never forget his voice and the way he laughed. Love you all!!

“ *Grampa Walley,
I can't believe you're gone. You were one that I thought would be here forever. You will always be my number 1. I'm going to miss playing with your hair, and hearing crazy stories.
Tell my Papa I said hello, and I love and miss him.*

“ Wally, my prayers are for those you have left behind. Your sense of humor so unique, and your views on life so original. Misunderstood by some, and for them what a great loss. You as my childhood friend, and other big brother...you, your sister and family.....hold a special place in my heart, and are thought of with great fondness.. Thank you for caring enough to drive your ol black car through the cold of winter to get me when my house was without heat....what an adventure, teaching me to play (smoke on the water) on your electric guitar, dealing with two lil blonde brats when you were to old to entertain us....we had many laughs, and deep philosophical conversations ...LOL!!!!....well for our age anyway....Few people will have lived a third of the life you lived in your 49 years, if they live to be 100.. I pray you are there in that room, Jesus went to prepare just for you, and that all your questions have been answered, and please keep a light on for the rest of us who have yet to cross over..... my tears are for the good times, and that I will never hear your laugh until we meet again my friend....God Bless you and Keep you.....jane:)

I watched this 4 times last night. I couldn't help but laugh and cry at the same time. All kids went after that beard! I sure am going to miss it.
